## A MESSAGE FROM THE BOARD CHAIRMAN

**It has been truly an eventful year for the Boys & Girls Clubs of Central Iowa.** In the past 18 months, we have opened two new Club sites in Des Moines through the Club Pathways campaign. The Gregory & Suzie Glazer Burt Club at Drake University and the E.T. Meredith Jr. Club at East High school have allowed us to not only serve more young people, but to serve them more strategically throughout their entire educational journey. Our teen membership grew this year by 81%, and the number of children served each day hit nearly 800.

**In the midst of this fantastic growth came the great disrupter of COVID-19.** After a three-month closure following the move to virtual learning by the Des Moines Public Schools, our seven clubs reopened for all day club service. In the fall, as kids and families grappled with remote schooling, Boys & Girls Clubs of Central Iowa continued serving our young people in person, all day long at our club sites with the necessary safety measures in place. While club programming has

dramatically changed to accommodate virtual school lessons, our goal has remained the same: to keep our members learning at or above their grade-level, on track for high school graduation, and with a plan for the future. In no other time in our history have our services been so critical. It is only because of the generous, unwavering support of this community that we have been able to continue doing whatever it takes to best serve our club kids and teens.

**2021 will undoubtedly be another eventful year full of change and growth.** I am excited to introduce Boys & Girls Clubs of Central Iowa's new Chief Executive Officer, Tony Timm. Tony started in his role in February and brings a wealth of nonprofit experience and expertise to our organization. I am confident that Tony will continue to position our organization as the leading advocate for the youth of Central Iowa and I look forward to future opportunities for him to get to know our incredible group of community donors, partners, and stakeholders.

**Thank you for your continued commitment to the kids in our community who need us most, we couldn't do what we do without you.**

A handwritten signature in blue ink, appearing to read "D Chapman".

**David Chapman**  
BOARD CHAIRMAN,  
BOYS & GIRLS CLUBS OF CENTRAL IOWA

### OUR MISSION

**To inspire and enable all young people, especially those who need us most, to reach their full potential as productive, caring, responsible citizens.**

# Gregory & Suzie Glazer Burt Club

AT DRAKE UNIVERSITY

**In August 2019, Boys & Girls Clubs of Central Iowa opened the Gregory & Suzie Glazer Burt Club at Drake University.**

The opening of our Gregory & Suzie Glazer Burt Club marked another crucial step in our Club Pathways plan to serve the youth of Des Moines from kindergarten through high school graduation.

The Gregory & Suzie Glazer Burt Club was part of our Club Pathways campaign to nearly double the number of Des Moines metro youth served. Through Club Pathways, we are creating four paths throughout Des Moines so that the Boys & Girls Clubs can continue serving children throughout their entire education.

**This is only the second Boys & Girls Club in the nation located on a private college campus,** which leaders say will demonstrate to young members that, literally and figuratively, college is within reach.

**Within a few weeks of opening, Burt Club was serving an average of 160 Club members,** providing kids and teens in our community

Photo courtesy of Maharry Photography

“The Boys & Girls Clubs of Central Iowa stands on the verge of exciting growth and great accomplishments. In the spirit of my grandfather and BGCCI founder Ellis I. Levitt, and my mom and BGCCI trustee Maddie Levitt, I look forward to being the third generation supporting both BGCCI and Drake University. I am committed to taking the Clubs to greater heights!

**Suzie Glazer Burt**

**BOARD OF TRUSTEES, DRAKE UNIVERSITY**

**BOARD OF TRUSTEES, THE BOYS & GIRLS CLUBS OF CENTRAL IOWA**

with a safe, supportive place to be after school and during the summer, structured programs, and caring staff role models.

Suzie Glazer Burt is a generous community philanthropist and serves as a member of both the Drake University Board of Trustees and the Board of Trustees of the Boys & Girls Clubs of Central Iowa. Suzie provided essential vision and

advocacy for the Club; she and her late husband, Greg Burt, also made a lead gift to the Gregory & Suzie Glazer Burt Boys & Girls Club.

**Two high school basketball courts, a test kitchen, a computer lab, a recording studio, a library, game rooms and sleek lounges make up the new two-story, 21,000-square-foot facility at the northeast edge of Drake University’s campus.**

The Burts’ investment made the Club possible, but Suzie’s ideas and initiative made it happen, according to local and national leaders. That vision is three generations in the making; her grandfather Ellis I. Levitt co-founded the Boys & Girls Club of Central Iowa (BGCCI) and her mother also served as a Drake University and BGCCI trustee.

“Volunteering at the Burt Club is such a rewarding experience that I’ve had the pleasure of participating. Even though volunteering at the club looks like we’re only hanging out with them, it is much more than that. When we are there with the kids, we become role models, and being able to be a positive influence on these kids is what makes volunteering such a rewarding experience.

**Lucas Botter**

**DRAKE UNIVERSITY STUDENT**

# Kathy Le

Youth of the Year is Boys & Girls Clubs' highest honor, celebrating our most inspiring members. Youth of the Year recognizes outstanding leadership, academic excellence and a commitment to a healthy lifestyle.

Achieving the title of Youth of the Year is no easy task. Candidates demonstrate their leadership and communication skills through an extensive application and interview process.

**This past year, Boys & Girls Clubs of Central Iowa's Youth of the Year winner is Kathy Le!** A Club member for 13 years, Kathy is a shining example of how the Boys & Girls Club movement can help young people overcome obstacles and succeed in life.

"I am forever grateful to the Boys & Girls Club for helping me overcome

barriers in my life that I never thought possible and providing opportunities to grow as a person," Kathy said.

Kathy did not have the easiest childhood growing up. Her parents traveled from Vietnam to the United States as refugees seeking a better life. They faced many challenges starting a new life in America. Her parents didn't have the time to take care of Kathy, so they enrolled her into Boys & Girls Club, which provided her with a safe and fun environment to thrive.

---

**At the start of her journey as a little girl who didn't speak much English, to a senior in high school, graduating at the top 4% of her class.**

---

Kathy is now attending the University of Iowa following her dream to open a free health clinic that welcomes anyone and help improve the healthcare system around the world.

Kathy has transformed her Boys & Girls Club just as the Club has transformed her. Even though she is now off at college, **Kathy leaves behind a legacy of helping others and strengthening the next generation.**

"I would not be who I am or have gone this far in life if not for the staff and volunteers that have impacted it. Being a member at BGCCI, in my eyes, has essentially saved my life.

TEEN ONLY CLUB

# E.T. Meredith Jr. Club

**E.T. Meredith Jr. Club is the very first teen-only Club site in Central Iowa, located at East High School.**

Des Moines public schools is the primary partner.

Michael Frazier and Mell Meredith Frazier, along with her brother, Tom Meredith, are directors of the E.T. Meredith Foundation, the lead donor for this project.

With this new Club, east-side Des Moines students will be able to

progress throughout their entire academic journey with the Boys & Girls Clubs by their side. Students have access to a full computer lab, test kitchen, a state of the art STEM lab, a DJ booth and more.

---

**Of the nearly 5,000 Club sites across the nation, only 3% reside on a high school campus.**

---

The Club is named after and celebrates E.T. Meredith Jr., one of the five founding members of Boys & Girls Clubs of Central Iowa. His dedication to supporting Iowa's youth lives on through his granddaughter, Mell Meredith Frazier, and her husband Michael Frazier. The couple continues E.T. Meredith Jr.'s legacy of more than 60 years.

Only 6% of members are 15 years of age or older. With this new teen

Photo courtesy of Kyle Stoutenberg

serving Club, BGCCI is positioned to support more teen students, ensuring they graduate high school with a plan for the future. **Within a couple weeks of opening, the Club was serving 20-30 teens every day.**

The E.T. Meredith Jr. Club is the second new Club to open as part of the Club Pathways initiative. The Club site will complete the East path for Club members who have

previously attended the current Levitt and Baker Club sites.

The primary goal of Club Pathways is the development of four paths in the Des Moines community so that kids can progress from elementary school to high school graduation with the Boys & Girls Clubs by their side.

**“I can’t tell you how excited I am to be here today to dedicate this Club to my grandfather. It’s amazing that so many of the founders of Boys & Girls Clubs of Central Iowa are still committed. And it’s so exciting to be at the forefront of what’s happening nationwide.**

**Mell Meredith  
Frazier  
BENEFACTOR**

# Our Impact

Along with the rest of the world, COVID-19 has had a significant impact on our mission. It brought disruption and a level of uncertainty to our community and especially our Club families. Boys & Girls Clubs of Central Iowa's top priority has remained the same: the health and safety of the children we serve.

**In March of 2020, BGCCI quickly adapted services in the wake of Club closures, elevating our Feeding the Future program.**

Feeding the Future has always been an important initiative due to the level of food insecurity our Club kids and families face.

We know that half of Club families live below the poverty line, and that 77% of children in Des Moines rely on school and afterschool programs for their primary source of nutrition.

---

**Since the pandemic first started, BGCCI increased efforts to ensure our Club kids and families had access to the food they need, even as our doors had to be closed.**

---

We provided more meals and hygiene items through our Refuel Station, in partnership with DMARC. We supplemented the Des Moines Public School's grab-and-go meal locations, and we performed numerous individual food deliveries for our families most in need.

In order to meet the increasing needs of our youth and their families, Boys & Girls Clubs of Central Iowa rapidly coordinated support services to address the food insecurity crisis facing our members.

**With expanded operating hours to accommodate virtual learners, BGCCI serves breakfast, lunch, and dinner at all Club sites.** In partnership with DMARC's Refueling Station, families can now place orders for at home delivery to minimize infection rates.

---

## COMBATING FOOD INSECURITY

---

On April 27th, we opened our Gregory & Suzie Glazer Burt Club as a food pantry, in partnership with the Food Bank of Iowa.

During the impact of COVID-19, we strengthened our partnerships and continued to provide food for our Club families and community members through our food pantry and Refuel Station.

---

## VIRTUAL PROGRAMMING

---

Our program staff created a supplemental education program to combat academic learning loss and provided educational support and resources during the remote learning period.

The daily and weekly virtual programming that was posted to our social media channels and website allowed Club members to engage in academic activities to prevent learning loss, and view educational and interactive videos from staff members to maintain meaningful connections and relationships.

---

## WELLNESS CHECKS

---

During the initial weeks of the pandemic, Unit Directors and program staff contacted Club families to check on their well-being and specific needs they had.

**580+ FAMILIES AND  
1090 CHILDREN**  
supported through  
Burt Club Food Pantry

**300+ HOURS**  
of educational programming  
launched on virtual and  
social media platforms

**730+ WELLNESS CHECKS**  
with Club members  
and families

# Our Commitment to Inclusion

For 55 years, Boys & Girls Clubs of Central Iowa has fostered hope and potential in our community. The mission and core beliefs of Boys & Girls Clubs of Central Iowa promote a safe, positive, and inclusive

environment for all. Boys & Girls Clubs of Central Iowa supports all youth and teens—of every race, ethnicity, gender expression, sexual orientation, ability, socio-economic status, and religion—in

reaching their full potential. We are committed to providing this inclusive environment not only for the members we serve but for our staff members and volunteers.

## BURT CLUB INCLUSION MURAL

The Burt Club's Inclusion mural is by artist, Phingbodhipakkiya. Her intention is that kids on the playground and basketball courts next to the mural will feel

represented and empowered. "I wanted them to get a warm, happy feeling — a feeling of belonging," she said. "Looking over them will be these giant people of color, and

they'll feel like they're protected, but also hopefully inspired to dream big and be as big as these inspirational figures."

## RACIAL EQUITY

**Boys & Girls Clubs of Central Iowa stands against racism and discrimination. The work that occurs at our Clubs every day is part of the change needed to provide equitable opportunity to all.**

### A CALL FOR CHANGE

Our Clubs offer youth safe, supportive environments where kids and teens of all races and backgrounds are encouraged to have difficult conversations and use their voices to create positive change.

**Together, we can ensure the future is great for the kids and teens in Central Iowa who are counting on us.** We commit ourselves to the work of advancing racial equity and justice across our organization and our community.

In 2020, BGCCI has worked to:

- Form a board-led Diversity, Equity and Inclusion Task Force
- Conduct third-party review of our policies, procedures and culture.
- Partner with our national organization, Boys & Girls Clubs of America, to offer and receive guidance on addressing current events and training staff in anti-racism and equity.

---

**At Boys & Girls Clubs of Central Iowa, we support youth and teens of every race and ethnicity in reaching their full potential.**

---

We are committed to ensuring equity and inclusion for all young people and will continue to listen, act and create solutions on matters concerning race and social justice.

**4 IN 5**  
Club kids identify as a racial or ethnic minority

**100%**  
of Club Kids qualify for free or reduced-price school lunch

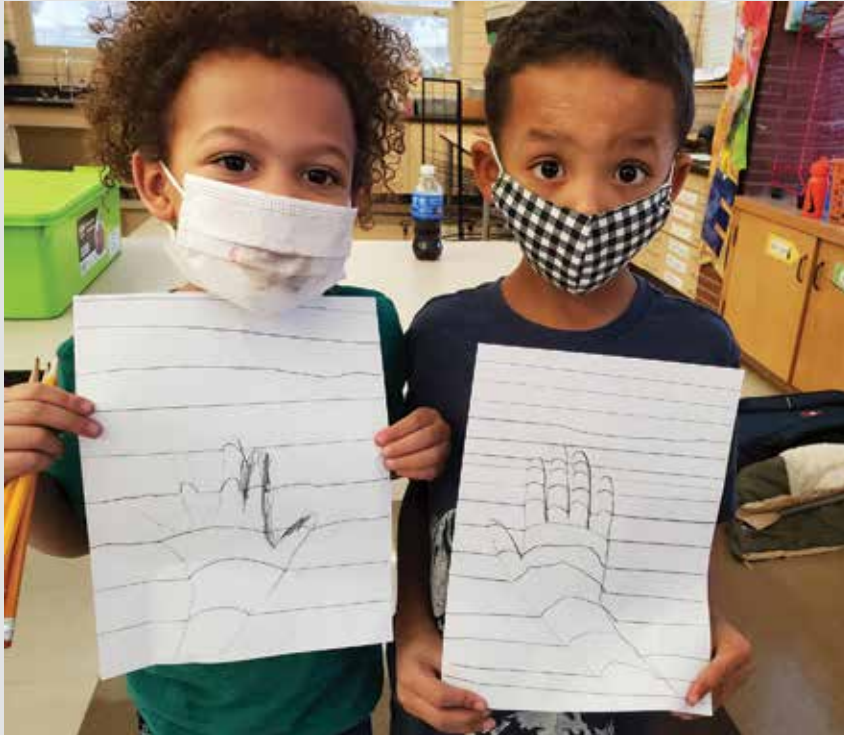

**46%**  
of Club Kids live in single-parent households

# All-Day Club

Never in the history of our organization has our programming been so important and needed. The spring school closure compounded with summer break has already left many students behind their grade level.

Through new all-day programming in 2020, BGCCI served students from

**49 SCHOOLS**

## — SAFETY PROTOCOLS —

- Limited Enrollment
- Small Program Groups
- Staff and Members Temperature Checks
- Social Distancing
- Hand Washing
- Staff and Members Wearing Masks
- All Facilities Sanitized
- Individual Program Supplies for Each Member

After a three-month closure due to the COVID-19 pandemic, Boys & Girls Clubs of Central Iowa opened the doors to our Clubs in July.

**Through summer Club, we provided our members hot meals and snacks they might not have had access to at home.** In addition, our food pantry at our Burt Club continued to serve our families and the greater community.

In the fall, as schools opted for virtual and hybrid learning models, we knew that our Club families were facing uncertainty and that many

were facing the difficult choice to educate their children or sacrifice their livelihoods.

To that end, BGCCI launched a new service, Virtual Learning. During this in-person, all-day program, our professional staff members guide students through their virtual school instruction. We ensure students are equipped to complete assignments and have opportunities to safely interact with peers.

In addition to academic challenges, our young people are experiencing

significant emotional challenges during the pandemic.

---

**At Club, our members have regained opportunities for safe interactions with their peers and supportive mentors.**

---

With expanded operating hours to accommodate virtual learners, BGCCI serves breakfast, lunch, and dinner at all Club sites.

# Coming Soon!

In fall of 2021, the new Studebaker Boys & Girls Club will open!

**This new facility at Studebaker Elementary school will serve south-side youth K-5.** The opening of this Club marks another major milestone in the Club Pathways plan, serving as the first step in the South Path to feed into the existing McCombs Club. The Studebaker Club will offer special features like STEM and robotics equipment, LEGO walls, table games and a renovated playground area with a basketball court and soccer field.

## HUSKIES CLUB

In September 2020, the Meredith Club, located at Meredith Middle School, was renamed to the “Huskies Club.” The Huskies Club is BGCCI’s largest middle school Club.

2016
